THRU : Chief, Industrial Division, ORR
Chief, Guided Missiles Branch

25X1X6

Requirements for [REDACTED]

BACKGROUND

Very little information is available concerning the deployment of guided missiles in the satellite countries, and any knowledge which source may have on the deployment of any type of missile system in Poland is urgently requested. Depending on source's ability to answer the questions listed below, this branch may wish to submit additional detailed requirements.

REQUIREMENTS

1. What information can source give concerning present or future use of air-to-air missiles by Soviet air force units in Poland? By the PAF?
2. What does source know about the use or projected use of air-to-surface missiles by Soviet air force units in Poland? By the PAF?
3. Are surface-to-air missiles being used in the Polish defense system?
4. Does source know, or did he ever hear any rumors about the use of tactical surface-to-surface ballistic missiles in Soviet or Polish army units?
